DULUX and CARSONS COLOUR MAKE MACHINES
SANDERSON and BROLAC
Personal service ensures satisfaction**

Once again it is Gang Show time and this year it is even more difficult to imagine how the Gang can follow such a successful show as last year's Silver Jubilee event, but I am sure when the curtain falls at the close of tonight's performance you will join me in congratulating the Gang on yet another splendid effort.

This year is the 29th year of the Harpenden and Wheathampstead District Gang Show. The show is now a major event in the District's calendar and one of its principal fund raising efforts. I hope you will enjoy this show and continue to give valuable support, not only to the performer's but to all those connected with Guiding and Scouting.

Chairman.

Harpenden Gang Show Committee.

STOP PRESS *** ****

The new Ford Granada GL

Emphasis on engineering and equipment

The Granada GL has more standard equipment than ever. But it is the features the engineers have built in that the eye can't see that are even more important, like the Ford 18 stage body protection process, simplified electrics and the independent suspension on all four wheels. Features that make it an even more durable, reliable and safer car.

Why not drop in and see us for the full story.
